ROTARIANS FIGHTING FOR THE INDEPENDENCE OF UKRAINE

PEOPLE OF ACTION ALL OVER THE WORLD

The entire Rotary world is now united to solve the problem of peace. After all, Ukraine is a modern democratic state that chooses the right to independence, freedom of choice, freedom of life according to the established principles of civilized countries.

Rotary International, as the brightest representatives of people of action in the whole world, is now side by side with Ukraine to serve a great goal - to help those in need. Because you want the world to be peaceful, clean and one in which there will be no aggression and destruction of people by people

Therefore, today, when Ukraine celebrates its 33rd anniversary of independence, we are clearly aware that today this is possible thanks to the help of the entire Rotary world, which never leaves us alone with our troubles.

Our first newsletter of this Rotary year is a sincere thank you to everyone involved for the legend of our state.

Ukraine Independence Day - history of fighting for freedom and independence! 🇺🇦

The Ukraine Government and our partners in NATO are leading an international campaign to Make Noise For Ukraine on Ukrainian Independence Day, 24 August.

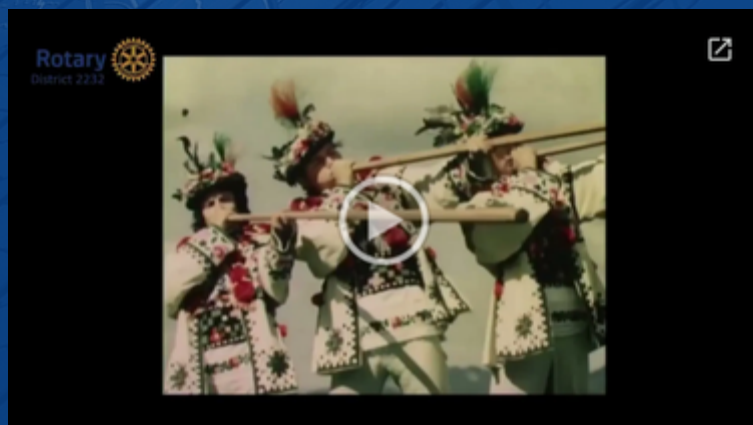

We must not be silent in the face of Russia's aggression.

This Ukrainian Independence Day, help us celebrate Ukraine's bravery and resilience by showing your support on social media.

Organisations and members of the public are encouraged to join our campaign by posting a video making noise for Ukraine on social media with the hashtag #MakeNoiseForUkraine.

Please post your video on 24 August 2024, Ukrainian Independence Day.
